# Warrant for Town Meeting

---

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Enfield, qualified to vote in Town affairs:

You are hereby notified to meet in Whitney Hall in said town of Enfield, on the fourteenth day of March next, at nine o'clock in the forenoon to act on the following subjects:

Article 1. To choose by ballot, to serve for three years, one Selectman, one Trustee of Trust Funds, and one Library Trustee; to serve for one year, one Treasurer, one Clerk, one Tax Collector, one Highway Agent, one Overseer of the Poor, one Police Chief, one Cemetery Agent, one Fire Ward, and two Auditors, and such other necessary town officers, required by law to be chosen for the ensuing year.

Polls will open at 9:30 A. M. and not close before 6:00 P. M.

Article 2. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, the sums so borrowed to be paid before the end of the fiscal year in which the debt was incurred.

Article 3. To authorize the sale or lease of any or all, of such parcels of real estate acquired by the Town through Tax Collector's deeds for non-payment of taxes, and to authorize the Board of Selectmen to execute and deliver, in the name of the Town, suitable deeds or leases of such real estate, subject to such conditions or restrictions, as may be voted by the meeting.

Article 4. To see if the Town will vote to raise the sum of \$2790.00 for State Aid construction, to receive the sum of \$5580.00 from the State; or act thereon.

Article 5. To see if the Town will vote to raise the sum of \$857.34 for Town Road Aid, to receive the sum of \$3,429.35 from the State; or act thereon.

Article 6. Upon request of the State Forestry Department,—To see if the Town will raise the sum of \$400.00 to be used for the eradication of Blister Rust.

Article 7. To see if the Town will raise, or appropriate, the sum of \$100.00 as its contribution to the Dartmouth-Lake Sunapee Region Association, or act thereon.

Article 8. To see if the Town will vote to authorize the Enfield Center Volunteer Fire Company to function as an adjunct to the Enfield Fire Department; subject to the rules and regulations of the Town Fire Ward.

Article 9. To see if the Town will vote to raise, or appropriate the sum of \$500.00 to purchase hose and accessories for the use of the Enfield Center Volunteer Fire Company.

Article 10. To see if the Town will vote to adopt the Budget and raise or appropriate the various sums recommended and posted by the Budget Committee, or act thereon.

Article 11. To determine by ballot, the following question—Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano be adopted in this town.

Article 12. To see if the Town will vote, that,—If the purposes or objects, hereinafter designated for which appropriations for the year 1950, may have been made; have not been fully accomplished during the fiscal year; then the funds so appropriated, or unexpended on the unfinished portion of said object, shall be placed in a Capital Reserve Fund, dedicated to the object of its conception, until such time as the Board of Selectmen, acting as agents for the town, shall have the opportunity, or occasion for the fulfillment or completion of / for the purpose or object, for which said appropriation was created.

The especially designated purposes for the fiscal year ending December 31, 1950, are as follows:

Funds for purchase of a new truck: i.e.—The net earnings of the “Town Truck” derived from Highway appropriations, which by a previous meeting had been voted to be set aside annually for replacement purpose.

Funds for purchase of Fire Department equipment.

Funds for sidewalk construction.

Article 13. To hear the reports of Agents, Auditors, Officers or Committees heretofore chosen, and pass any vote relating thereto.

Article 14. To take any vote or transact any further business that may legally come before said meeting.

Given under our hands and seal this 23rd day of February, A.D. 1950.

ISAAC H. SANBORN  
ARTHUR H. ROCK  
EUGENE H. KING,

Selectmen of Enfield.

A true copy of Warrant—Attest:

### Annual Report of the Librarian

Approximately 425 books have been added to the Library collection this year. The book circulation was well over 5000 with about 642 registered borrowers. The most important piece of new equipment was a new typewriter with separate card platen and other modern attachments which replaced the old second hand machine purchased 17 years ago. It has been in constant use throughout the year, both in the typing of some 2000 new catalog cards and for copying material for our projected town history. A particularly fine collection of current fiction has been purchased—also books chosen from the various church lists — and a number of handicraft books. The latter have been much used particularly by those interested in tray painting, furniture stencilling, etc. An exhibition of these books and others on home decoration will be shown at the Athena club Home institute later in the spring. Several new scrapbooks have been added to the historical collection and gifts received of copies of small papers printed by all three Protestant churches from 1874 to 1880. There have been several gifts to the doll collection, including 2 tiny Lapp dolls given by Miss Terttu Koso, an Indian princess doll and a carved Hopi Indian clown doll brought from Grand Canyon by the Librarian; 7 miniature Guatemalan dolls and a Negro mammy doll given by Mrs. Harold Goodwin. Mr. Thayer Nutter has loaned the Library a fine set of ten volumes comprising a history of the 2d World War and many other friends of the Library have contributed volumes. The Library has greatly missed the loan collection of the Bookmobile every three months and we hope that state funds may soon be available again for this purpose. Book Week was celebrated by a tea in the Library for the teachers in our schools with an exhibit of new children's books. The Librarian attended the New England regional

meeting at Swampscott, Mass., in October. Other services have been about as usual and the Library assistants have done an excellent job in helping the young people both in the Grade and High schools. Suggestions for general improvements in the Library service are always welcomed.

Respectfully Submitted,

NELLIE L. PIERCE,

Librarian.

**Forest Fires—Our Most Shameful Waste**

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more

than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigaretts.
2. Securing the required **written permit** from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

CLARENCE ARNOLD,

Forest Fire Warden

GEORGE F. RICHARDSON, JR.

District Fire Chief

**REPORT OF HEALTH OFFICER**

During the year 1949 only two contagious diseases have been reported—1 scarlet fever, and one measles.

During the year periodical tests of the town water

were made by the State. These tests have all been good for the whole year.

Mr. King, who is the water commissioner, looks after the reservoir and it is part of his job to check the chlorinator periodically.

The Enfield town dump has functioned very good for the year 1949. The cooperation I received from the townspeople in keeping the dump clean has been excellent. We had a health menace in the Enfield Center town hall in regard to the toilets and through the cooperation of the Selectmen, these have been built over to meet the requirements of the State Board of Health.

Let's all try to keep the town clean and not cut the appropriation down.

RUFUS J. BRUCE,

Health Officer

## ANNUAL REPORT OF THE SUPERINTENDENT

---

To the School Board and Citizens of Enfield:

I hereby submit my second annual report as your Superintendent of Schools.

Nearly everyone is justifiably concerned about the increase in taxation due to schools. The primary reason for this is, of course, the loss of state aid. The last legislature reduced the amount being allocated for state aid from \$2,000,000.00 to \$400,000.00. Under the \$2,000,000.00 program Enfield had been receiving \$14,488.12. Now we receive only \$391.23. This loss of over \$14,000.00 was a staggering blow to a small town.

As in all other fields, our costs have been rising. All such things as books, supplies, teachers and fuel, cost much more than they did a few years ago. We have tried to place in effect reasonable economies. All major repairs, and school supplies are submitted to bids and the contract or purchase is awarded to the lowest bidder. All this work takes time, but results in substantial savings to the school district.

### Teachers and the School Program

The large classes and overcrowding which exists in the lower grades, and which probably will continue for some years to come, has led to a serious problem which is not easy to solve. Several capable teachers, otherwise satisfied, refused to accept positions in Enfield when they found that they might have to teach 40 or more pupils in a room. Certainly no teacher can do her best work with this number of pupils, especially when one considers the large amount of individual work necessary in the lower grades. It is generally considered today that a maximum of 30 pupils is all that should be assigned to a teacher.

The best solution to this problem would be to ob-

tain more room and more teachers. Due to the confusion which existed in the state last year regarding re-districting, it was not possible for Enfield to build a necessary addition to its schools. So we adopted the next best solution of hiring an additional teacher. About half her time is spent assisting the first grade teacher, as this is considered to be the most important year of school work. The rest of the time she acts as a remedial reading teacher assisting the slowest readers in other grades.

To provide a well-rounded program we engaged a music teacher and an art teacher, each for one day a week, to provide this worthwhile supplement to present day living.

In order to offer enough subjects so that varied interests of the high school pupils could be satisfied, it has been necessary to place very heavy subject loads on the high school teachers. Many of them have to make six or seven different preparations each day. Five preparations is considered to be a desirable maximum.

Textbooks in many cases are getting old and out of date. It is not possible to purchase new ones all at once so this program is being carried out gradually. Besides the necessary replacements, completely new arithmetic texts were purchased this year for all the grades.

For some time we have recognized the necessity of a good guidance program, but a really adequate program of this type must wait until some of the personnel can be provided with the time to carry it out. However, acting within the limitations of time and money, we are trying to develop a good personal record keeping system and establish a planned testing program. Through outside funds the new school nurse has had individual testing done for a few special pupils.

The very satisfactory auto driving course which

was conducted last year by Mrs. Tarney had to be dropped because there were insufficient pupils to fulfill the new requirement of a minimum of 40 pupils.

### Repairs

Many necessary repairs were completed this year. Several leaks in the roof showed upon investigation that the roof was in bad shape so this was completely re-tarred and graveled; the top of the chimney was rebuilt; all the outside woodwork was painted; a new floor was laid in the head-master's office and the sixth grade room; new chairs and desks were provided for the sixth grade; and new urinals were installed in the boys' basement. The school janitor, during the summer, stripped, sealed and waxed the four floors in grades 1-4. This adds immeasurably to their appearance and allows us to keep them much cleaner. He also sanded and varnished many of the desk tops. During school vacations and weekends, Mr. Spiller and Mr. Shurtleff repainted the basement toilets and corridor areas.

There are many things left to be done. Some of the more pressing of these are, rebuilding of the stairways and landings throughout the building; new drinking fountains in the basement; a sink in the home economics room; new floors in several rooms; crash bars for the outside doors; painting the hallways and stairwells; grading the school yard; and leveling the play area.

Your P-TA under very capable leadership has continued to be an extremely effective organization for the improvement of schools. It is a real pleasure to find so many interested parents willing to come out and discuss common problems with the teachers.

We are all working together for the common purpose of trying to provide young people with the best preparation possible for a somewhat complex society.

There is no one best way to do this, but by mutual co-operation we can, and do, determine what is best for Enfield. I wish to take this opportunity to thank all those School Board members, members of the P-TA, teachers, janitors and others, who have assisted me in trying to provide good schools for the children of Enfield.

Respectfully Submitted,

HOWARD F. MASON,

Superintendent of Schools
